Students are to create five research questions to guide their research, about the effects of globalization on the culture and the economy of the country.

Discussion Boards: Weeks 1, 2, and 3
Sharing information leads to new ideas, and the best way for us to learn is from each other. To that end, there are three (3) discussion fora. Post a response to each forum question, and start conversations with your peers. Points are earned for responding to each discussion forum and for replying to fellow participants. Up to 3 points will be earned for each substantive response to the main discussion question, and one point will be earned for each response to another post. Though you will only earn points for up to two responses, we encourage you to keep an ongoing dialogue about the discussion topic. The purpose of the discussion forum is to generate conversation about relevant topics.

Post your response to each discussion question no later than Wednesday of each week, and respond to at least two other class members’ postings by the due date. Please feel free to respond to more than two postings. We encourage you to learn from each other! Note that no points will be earned for discussion responses posted after the week ends.

Points will be earned for discussion postings as follows: Up to 3 points will be earned for each substantive response to the main discussion questions and 2 points are earned through responding to at least two other postings (one point each).

Wimba Chat:
Chat will begin the second week of class. This virtual classroom session will be held through Wimba Classroom, a synchronous communication tool in Blackboard. Date and time will be announced. Chat is voluntary. It is scheduled every Wednesday, 7:00 to 8:15 PM, EST.

You are encouraged to participate in chat to learn how to coordinate the syllabus with Blackboard portals and for the benefit of discussions and lectures about significant issues and key concepts in chapter readings. Guidance regarding the two projects will be provided. Reviews for the two exams will also be outlined during chats.

Post-Class Assignment:
There are no post-class assignments.

Student Involvement Hours:
Students are expected to submit all assignments by the due dates. They are expected to take the mid-term and final exams by the due dates, as listed in the MSA 604 Blackboard Syllabus. There are three Discussion Fora with due dates listed in the MSA 604 Blackboard Syllabus.

Observations from past class sessions, find MSA 604 students who do not participate in chat, perform poorly in this course. The six chats provide information about the chapters in the textbook, the relationship between the MSA 604 Blackboard Syllabus and the assignments in Blackboard. Chats also provide more details and explanations about the assignments, the requirements and the expectations. In addition, chats offer important information about the mid-term and final exams.
In addition to using the computer to chat, students are able to chat by phone, using these numbers: Phone: (201) 549-7592 and a STUDENT PIN code: TBA. After you access Blackboard, find the Student PIN Code in the Wimba Classroom and in Blackboard Announcements. Several of your colleagues use phones to chat while attending conferences or during work hours. If the Student PIN Code is not available in Blackboard, call the CMU Technology Help Desk at 989-744-3662 and request the code by providing your MSA 604 course number.

Late Assignments:

LATE WORK POLICY:

- Work submitted after the due date will be reduced 15%. No submission will be accepted after 7 days from the due date and the last day of the course. You are responsible for ensuring assignments are submitted on time and the instructor receives your submission through a submission to Blackboard.

All assignments must be submitted inside a Microsoft Word or PowerPoint document. Do not type assignments inside a text box. Assignment submission is via the Assignment section in Blackboard.

Assignments will not be accepted through e-mail.

Verification of assignment submission is a green exclamation mark (!) in the respective assignment area in "My Grades". Submissions are to be in MS Word. Put all your work in one Word document.

Exams must be taken within the scheduled window of time, identified in the MSA Calendar, the MSA 604 Blackboard and in the MSA 604 Blackboard Syllabus. Failure to do so eliminates the opportunity to submit the exam.

Scores will be posted in Blackboard under "My Grades".

Make-ups and Rewrites:

There are no make-ups or post evaluation resubmissions, unless your instructor specifically requests a resubmission. Work submitted after the due date will be reduced 15%; no submission will be accepted after seven days from the due date and also the last day of the course session, for the final exam. You are responsible for ensuring assignments are submitted on time and that your instructor receives your submission.

Assignment submission is via the Assignments section in your Blackboard. Do not submit assignments via e-mail. Blackboard keeps your assignments for at least one year. Assignments submitted in an attachment to the instructor's email will be deleted and unread. Therefore, your assignment will not be graded if it is submitted via e-mail.

Make sure you create all of your assignments, using Microsoft Word Office and PowerPoint. Do not use Microsoft Works or Word Perfect for assignments.
Exams must be taken within the schedule window of time identified in the Blackboard Syllabus. Failure to do so eliminates the opportunity to submit. Exams must be taken within one sitting. You will be allowed 2 hours and 30 minutes to respond to the mid-term exam. You will be allowed 3 hours and 30 minutes to respond to the final exam.

Students, who register late, immediately before or after the course start date, may get off to a slow start. Students who fall into this category are expected to catch up. No Exceptions! Online courses are concentrated in time and an academic workload. Students who do not feel they can meet this deadline should not enroll in the class. Also note that late registration may mean you do not receive your book in time to make up the work you missed in Week #1. Not having your book on the first day of class is not an excuse for late work after the deadlines in the Schedule. Having a poor functioning computer is not an acceptable reason for late assignments.
